Projects _____

YUMMY FOOD WEBSITE   *Nov 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Designed a responsive food-themed website, Yummy Food, using HTML5, CSS3, Bootstrap 5, JavaScript, and AOS.js. Incorporated animation effects, dynamic carousels, engaging card layouts, and smooth transitions.
  Project Link

FURNITURE HAVEN   *Oct 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Developed a responsive e-commerce website using HTML, CSS, Bootstrap, and JavaScript, featuring interactive elements and intuitive navigation. Collaborated with 3 developers and 2 UI/UX designers to create a polished, functional platform.
  Project Link

REACT ECOMMERCE APP   *Sep 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Developed the application with API integration for fetching and displaying product data. Implemented interactive tooltips and React Router DOM for efficient routing, ensuring a clean and responsive design.
  Project Link

MODERN FURNITURE STORE   *July 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Utilized API-integrated signup and login to design a responsive e-commerce website. The site features a sleek, minimalistic interface.
  Project Link

AQUANOVA WATER WEBSITE   *June 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Developed a multi-page website named Aquanova using HTML5, CSS3, and Bootstrap 5 in 15 days, featuring a carousel, forms, and cards with design enhancements like hover effects and box shadows, while effectively managing time.
  Project Link

PORTFOLIO WEBSITE   *May 2024*

xWave: A tech initiative dedicated to eradicate poverty and empower students with IT courses.
Fellow:

- Created a single-page personal portfolio landing page using HTML5 and CSS3, and Bootstrap inspired by a Figma design. The page features a clean layout that effectively showcases my skills, projects, and experience as a frontend web developer.
